

# MEGA TRIPAR PROFILE

*Sits flat on ground*

The ADJ Mega Tripar Profile is a compact, low profile par designed for uplighting and stage lighting, and will bring color and excitement to any party. This fixture is intelligently designed so that it may sit directly on the ground or inside truss without the scissor yoke because the power & DMX ins and outs are mounted on the side of the fixture, not on the rear. The Mega Tripar Profile features 5x 3-Watt, 3-IN-1 TRI LEDs which offers smooth RGB Color Mixing, has a 40-degree beam angle, 5 operational modes (including DMX, Sound Active and Master/Slave), and has 7 DMX Channel modes for a variety of programming options. Users can also use the ADJ LED RC wireless remote, which is sold separately, to control the Mega Tripar Profile.
